DAPE-HRS

MEMORANDUM FOR ALL ALCOHOL AND DRUG CONTROL OFFICERS

SUBJECT: Drug-Free Work Week, 20-26 October 2008

1. Drug-Free Work Week is a national awareness campaign promoting drug-free workplaces. This year the theme is: "Working Drug-Free Works." The Federal Government is already a model employer in addressing drug and alcohol abuse issues, with the Federal Drug-Free Workplace Program mandated by Executive Order 12564, 1986.
2. Drug-Free Work Week provides an ideal opportunity for Army installations to highlight their continuing commitment to maintaining a drug-free workplace and for local Army Substance Abuse Program organizations to showcase the Employee Assistance Program.
3. The National Red Ribbon Week and the Drug-Free Work Week occur during the same week. We encourage your support of the Drug Free Work Week through incorporating Drug-Free Work Week information when executing your Red Ribbon Week activities. Go to www.acsap.army.mil for additional links that will support the Drug Free workplace initiative.
4. As with Red Ribbon Week, the Drug Free Work Week provides an excellent opportunity for the Army Substance Abuse Program to market its services and to link to other agencies with a drug-free commitment. Please continue to promote your ASAP, as you have in the past.
